

Program Offerings 2020-2021

Automotive Technology

Are you interested in cars and want to repair high tech vehicles?
Learn about performance, computer electronics, engine diagnoses and repair.
➤ Earn PA State Inspection

Computer Systems Technology

Do your interests include computers and technology? Learn the fundamentals of electricity, hardware, software, programming and many other aspects of being a modern Information Technology (IT) Professional. This course will prepare you to work in an IT field or to pursue a degree in computer science, networking, cyber security, or other technical courses of study.

Construction Technology

Do you enjoy working with your hands, building, operating power tools, working with electricity, connecting piping systems?

Criminal Justice (Law Enforcement)

Are you interested in becoming a police officer, corrections officer, security officer, detective, or private security person? The combination of our program and post-secondary education is designed to prepare you for a rewarding career in private security, law enforcement, and criminal justice.

Culinary Arts

Do you like to be in the kitchen and enjoy cooking? Maybe you would like to own a restaurant, host a cooking show, or become a chef. You will learn proper use of kitchen utensils and equipment, food sanitation and storage, table settings, and food preparation.
Earn the ServSafe Certification (a necessary requirement to enter the food service industry)

Early Childhood Education

Are you interested in teaching or childcare services? This course provides a solid base for students planning to enter the fields of Occupational Child Care, Para educator, or Elementary Education.
➤ Become Child Development Associate CDA Test Ready!!!

Engineering Drafting Technology

Are you interested in combining your creativity with your interests in the industrial and mechanical world? Learn the latest versions of AutoCAD, Inventor, REVIT & SolidWorks, and become an Architect, Engineer, Surveyor, CAD Operator, or Technical Illustrator. Design houses, roads, bridges, equipment, and more!

Health Careers

As the world of medicine and science changes and grows virtually every day, the number of jobs in the health field grows as well. Are you interested in nursing and learning about the behind-the-scenes work that happens in a hospital setting? Would you like to learn about human anatomy and acquire skills for lab and technical employment? If you answered yes to these questions, this is the program for you!

- Nurse Aide Certification
- Medical Assistant Certification

Medical Office Administration (anticipated start date 2020 school year)

This course is designed to introduce the student to administrative and general duties found in a medical office, and includes appointment scheduling, records management, electronic health records maintenance, written communications, medical coding, health insurance management, billing and telephone procedures.

Third Year Possibilities:

Penn College (Dual Enrollment) Option
Work Base Options

All LycoCTC classes are aligned with the Pennsylvania Department of Education's Programs of Study (POS) which are state approved career and technical education programs that credit skills and tasks learned in a CTC to a postsecondary degree, diploma or certificate; or an industry recognized certification. Through PDE's SOAR program, students can move from high school to college and from college to a high-demand occupation by earning college credit while still in high school.
